For Office Use Only

Step 3: Enter total number of cars on Page 1.

Guidelines For Determining Class:

Original: Completely original - paint, upholstery, only cosmetic repair of minor dents, some chrome replacement, or repair of paint (not complete paint job). Bolt-on accessories can cause a vehicle to be deemed "Modified".

Restored to Original: Original type parts - complete repaint in original colors, re-upholstered seats, headliner, etc. in original type materials. NO chrome wheels, valve covers, suspension parts, etc. (i.e. NO CHROME WHERE IT WAS NOT FROM THE FACTORY). Any changes from original-type materials could put the vehicle into the modified or street rod class.

Modified: Complete re-paint in non-original color(s), or type (i.e. flames, graphics, etc.), engine change, custom wheels, chrome parts on engine or suspension, etc.

Note: The Gunnison Car Club reserves the right to add classes to accommodate special groups. If your group has 10 or more cars that could form a new class and you are registering more than 30 days in advance, please indicate this on your registration form. The Gunnison Car Club will take the new class into consideration for judging. If you or your group does not pre-register more than 30 days in advance and your group has 10 or more cars attending the show, the club will consider adding the new class for the following year.

There will be a registration "tech" committee to help participants enter their vehicle in the correct class. Any vehicle that appears to be registered in the wrong class will be reviewed. The decision of the committee will be final!
